

NURSE VISITS

A student who becomes ill during the school day should, with the teacher's permission, report to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student's parent prior to dismissal.

Remember communication is very important! Please update phone and contact numbers so that you can be reached if your child were to become ill during the school day.

When a student must be absent from school, upon return to school must bring a doctor's excuse or a note signed by the parent that describes the reason for the absence.

If the doctor/clinic gives your child any important report or result that the nurse needs to document, please bring it to her as soon as possible.
